

All-in-one Portable Presentation Solution

The InFocus Lift Case allows a Mondopad, BigTouch or JTouch to be setup by one or two people and ready for use in less than 5 minutes without electric power.

Ideal uses include rapid setup in hotels, events, tradeshow, training facilities, sports arenas, military installations, campuses and more.

Easily store, transport, and use a 55", 65" or 70" flat screen display in the lift case.

Features

- Proprietary universal mounting bracket for flat-screen display
- Full range of viewing heights, range varies by display size
- Shock-mounted lift mechanism
- Integrated cable management system
- 2-piece clamshell locking lid
- Four heavy duty 4" locking casters (CA-ATALIFT 55) or four heavy duty 6" locking casters (CA-ATALIFT 70)
- Mounted multi-outlet surge protected power strip
- Plastic cavity covers conceal the inside of the case when in use

Optimized for the most versatile user and viewing experience

Pull the release handle and the lift system gently lifts the display out of the protective case. Adjust height as required. When you're finished with your presentation, simply push it down gently to lock it in the storage position. No electrical power is needed for the case.

Permanently mount and wire your display for easy set-up in less than 5 minutes.

Lift models available for 55", 65" and 70" displays.

Time is valuable. Spend it on communicating your message, not on display setup.
